Vision

A vibrant, inclusive and resilient WA community

Mission

To enable dynamic and inclusive communities and support the WA economy

What we do

- Contribute to the wellbeing of the community
- Improve capability and outcomes across the local government, sport and recreation and culture and arts sectors
- Enable equitable participation of CaLD communities across all aspects of society, and promote, support and celebrate the State's cultural diversity
- Encourage and enable understanding the history of WA, including Aboriginal cultures, as context for contemporary society
- Facilitate public engagement with highly valued sporting, cultural and recreational spaces and places

Objectives

- To support the public sector through a fit for purpose, sound legislative and policy framework that enables efficient and effective services to the community, supported by good governance.
- To promote participation and achievement in sport, recreation, culture and arts
- To support and grow the cultural industries
- To promote and enhance the benefits of cultural diversity and social inclusion
- To ensure liquor and gambling activities are conducted in the public interest
- To celebrate Aboriginal culture and preserve history and traditions

Approach

We will achieve this by:

- Work collaboratively with the community, all tiers of government and key stakeholders to implement a shared approach to improve community engagement and experience
- Be efficient, effective and responsive through an agile and flexible workforce
- Responding proactively to State Government imperatives such as election commitments and stated strategic priorities
- Contributing to the achievement of whole-of-State Government targets
- Use evidence based information to develop community focused engagement and partnerships
